
Door Handles: for aluminium, PVC and composite doors

Our range of door handles offer an ideal solution when looking for a beautiful product that also meets the highest standards of engineering quality and durability. We have industry leading knowledge, helping our customers choose the correct handle every time.

We offer many types of door handle including lever lever, lever pad, slam shut, inline lever and patio lock PVC door handles, all suitable as replacement or new handles.

Our door handles fit most PVC doors and are often fitted on front doors, back doors, patio doors and conservatory doors.

- Supplied fully assembled – simple and quick installation
- Solid die cast aluminium or zinc construction with weight balanced spring cassettes
- Colour coordinated screw heads – perfectly matching hardware, even down to the smallest details
